Comfort Grip General

The Lightweight Heavyweight

Nitrile palm coating makes this glove a light, flexible, abrasion-resistant and long lasting alternative to many cotton and latex gloves. The nylon stretch liner makes these gloves perfect for light- to medium-duty jobs that require precision handling, especially in hot sweaty conditions

Applications:

- General material handling
- Handling small parts
- Electrical component assembly

PART NUMBER	DESCRIPTION
CGMGU	GENERAL WORK GLOVE, NYLON WITH NITRILE PALM - MEDIUM
CGLGU	GENERAL WORK GLOVE, NYLON WITH NITRILE PALM - LARGE
CGXLGU	GENERAL WORK GLOVE, NYLON WITH NITRILE PALM, CUT LEVEL 1 - EXTRA LARGE

Comfort Grip Cut Resistant

A Cut Above

These medium duty gloves have the same features as the General Use glove with even greater cut, puncture and tear resistance. They are excellent for jobs requiring dexterity when handling sharp parts

Applications:

- Handling abrasive or sharp material
- Forming, bending or machining sharp parts
- Cable pulling and wire handling

PART NUMBER	DESCRIPTION
CGMCR	CUT RESISTANT GLOVE, NYLON WITH NITRILE PALM, CUT LEVEL 3- MEDIUM
CGLCR	CUT RESISTANT GLOVE, NYLON WITH NITRILE PALM, CUT LEVEL 3 - LARGE
CGXLCR	CUT RESISTANT GLOVE, NYLON WITH NITRILE PALM, CUT LEVEL 3 - EXTRA LARGE

3M™ Gripping Material / Work

Grip Lighter, Hold Tighter

Comprised of thousands of micro fingers, these gloves provide excellent grip, even in dirty, wet or oily conditions. The gripping material sewn into the palm and fingertips of these gloves helps improve the grip while providing slip resistance. The durable synthetic suede, combined with padded fingers and thumbs, adds protection, while the expansion areas on the finger backs and knuckles provide a comfortable fit.

Applications:

- Factory and maintenance work
- Heavy equipment operation

Thermoshield™ Gloves

Excellent Insulation - Thousands of terry cloth loops create a cushion of air that insulates against extreme temperatures. The range of thermal protection varies according to the duration of exposure.

Ergonomically - By eliminating stiff, bulky, uncomfortable seams, Thermoshield™ gloves provide a better fit, better breathability and greater comfort for enhanced productivity and less fatigue.

Reversible - Thermoshield™ gloves are reversible, to ensure maximum use from each individual glove; they pair easily after washing and can be replaced one glove at a time.

Superior Cost - Because Thermoshield™ gloves are machine knitted they provide greater consistency of quality than standard cut and sewn gloves.

Applications

- Glass handling
- Plastic processing
- Injection molding
- Steel manufacturing

E.A.R. Express™ Pod Plugs

Pod Plugs are so comfortable you might forget you're wearing hearing protection! This new plug has a patented InstaSeal™ design which combines the comfort of a foam sealing pod and the convenience of a soft pliable grip for easy insertion and removal. When inserted, the pod instantly seals; these unique plugs provide a custom, secure fit in each unique ear canal. Pod plugs provide the needed protection with minimal distortion. They are ideal for noisy environments where communication is essential. Dispenser box of 100 pair contains mixture of colors (yellow, green, red, blue & purple).

Back Support

These back support belts are ergonomically designed and provide controlled support to the lower back region. Research has shown that most common back injuries are caused by lack of intra-abdominal pressure - or IAP - created by the constricting of abdominal and spinal muscles. The greater IAP, the higher the load the spine is able to accommodate without injury. Our back support belts are engineered to help increase the IAP to the highest level possible, while strengthening the lower lumbar area.

Removable

Suspenders -

easily detach so you can wear the belt alone

- Stretch band w/non-removable suspenders
- Light lifting • Single adjustable 5" waistband

Eye & Skin Flush Station

Immediate irrigation is the critical first step to treat a chemical splash to the eye. The clinical outcome of this type of accident is directly related to how quickly treatment is begun. The formulation of this eye & skin flush solution is a sterile, isotonic, buffered solution that will work to neutralize the effects of acids and alkalis, while flushing away chemicals, foreign particles or irritants from the eye.

Model Number 24–202 32 oz. Eye & Skin Flush Station

Model Number 24–201 32 oz. Replacement Bottles

Fast-Wipes™

FAST-WIPES® Pre-Moistened Hand Cleaning Towels

Absorbent Pillows

Common machinery leaks and oil spills cause floors to become unappealing and dangerous. These products are designed for quick and economical cleanup of all non-aggressive liquid leaks and spills. Constructed primarily of cellulose fibers, this maintenance sorbent is also biodegradable.

- The easy-to handle solution to cleanup of oil spills on land and water
- Pillows are highly absorbent, picking up many times their weight in oil
- Designed for quick and economical cleanup of all non-aggressive liquid leaks and spills

Sqwincher – Electrolyte Replenishment

Sqwincher for peak performance. Hydration that works™.

Health and Wellness

Hypertension (High Blood Pressure)	Diabetes
33% (64.5 M) of the U.S. population diagnosed – 1 out of 3 adults have hypertension.	11.3% (25 M) of the U.S. population diagnosed with diabetes – Type 1 or Type 2.
77.6 are aware of the condition	
44.1% have the condition under control	
67.9% are treating the condition	
55.9 are UNTREATED	
Hypertension care: Consult physician, *Lower Sodium and Calorie Diet , exercise and medication if prescribed.	Diabetic care: Consult physician, *Low Sodium Diet , insulin management & *Low Calorie Diet and exercise.

*** Sqwincher hydrates and replaces electrolytes without further risk to hypertension and/or diabetic conditions.**

Why Electrolytes? Isn't water enough?

Water is necessary but does not contain minerals lost during activity.

Water acts as a conductor to carry nutrients such as electrolytes throughout the body, and flushes vital organs of toxins.

Electrolytes, however, are essential minerals (sodium, potassium, calcium and magnesium) the body needs and uses for basic cell function.

Electrolytes regulate body fluids which maintains a healthy pH balance.

Benefits:

- Lower sodium
- No bloated feeling
- More potassium
- Preferred taste
- Quick Stick powder has ZERO sugar, ZERO calories
